Section 4: CTO Multidisciplinary Research REB Qualification Checklist

- TCPS2: Tri Council Policy Statement: Ethical Conduct for Research Involving Humans
- DHHS: US Code of Federal Regulations: 45 Part 46 (applicable to institutions reviewing US agency-funded research)
- PHIPA: Personal Health Information Protection Act, 2004 Chapter 3 Schedule A, and Ontario Regulation 329/04 Section 15 and 16
- FIPPA: Freedom of Information and Protection of Privacy Act, 2021 and Ontario Regulations 366/19 Section 41

#	Criteria	TCPS2	DHHS	PHIPA	FIPPA
SECTION	A – Governance, mandate, au	thority and resour	ces		
A1	A – Governance, mandate, au The highest body within an organization shall: a) Establish or appoint REB(s) to review the ethical acceptability of all research involving humans conducted within their jurisdiction or under their auspices, that is, by their faculty, staff or students, regardless of where the research is conducted; b) Define an appropriate reporting relationship with the REB(s); c) Ensure the REB(s) are provided with necessary and sufficient ongoing financial and administrative resources	6.1 6.2 6.3	45CFR46.103(b)(1)		

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

A2	REB(s) are independent in their decision making and are accountable to the highest body that established them for the process of research ethics review.	6.2			
	REBs shall function impartially, provide a fair hearing to the researchers involved, and provide reasoned and appropriately documented opinions and decisions.				
A3	Research that has been approved by an REB may be subject to further appropriate review and approval or disapproval by officials of the organization. However, those officials may not approve the research if it has not been approved by an REB.	6.3	46.112		
A4	The organization with an REB shall have policies and procedures to declare and manage conflicts of interest situations within the REB and other conflicts of interest that could influence the REB's	7.1 7.2 7.3 7.4	46.107(e)	O.Reg. 329/04 s.15(2)	

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	mandate, operations and/or jurisdiction. When clearly in a conflict of interest, the REB member shall be excluded when the REB discusses its decision, reaches a consensus or votes on the application. When in any doubt as to whether a conflict of interest exists, the REB member shall disclose the situation to the REB Chair and abide by the REB's decision regarding any actions required to mitigate his or her real or perceived conflict of interest.			
A5	The highest body of an organization involved in multi-institutional studies may use joint review, reliance upon the review of another qualified REB, or similar arrangements aimed at avoidance of duplication of effort.	8.1	46.114	
A6	The REB Chair and	6.2		
	administrators should			
	assess the educational and

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

#	Criteria	TCPS2	DHHS	PHIPA	FIPPA
SECTIO	N D – Ethics review processes				
Require	ements and criteria for ethics rev	view			
See Tab	le 2 for Informed Consent Eleme	ents.			
D1	Documentation of informed consent, appropriate to the study and population, should be given to participants.	3.12	45CFR46.117(a)		
D2	Where the protocol indicates that prior consent of the research participant or the participant's appropriate representative is not possible, the REB should determine that the proposed protocol and/or other document(s) adequately addresses relevant ethical concerns and meets applicable regulatory requirements for such research (e.g., in emergency situations).	3.2 3.7A 3.8 (a-f) 3.9 (a, b, e) 3.10 10.3	46.101(i) 46.109(b) and (c) 46.111(a)(4) 46.116(c)(1) and (2) 116(d)(1-4)	2004, c.3, Sched. A s.18(1)(a) s.44 (3)(d)	
D3	Waivers, deferred or verbal consent, and use of substitute decision makers or translation, can only be approved by the REB	3.7A	46.109(c)		
D4	The REB may approve research that involves an alteration to the requirements of written informed consent (e.g.	3.7A 3.9 5.5A 5.5B 12.3A 12.3B	46.116(c) and 116(d)		

research that waives the		
requirement to obtain the		
participant's consent) where		
the REB is satisfied, and		
documents, that all of the		
following apply:		
a) the research involves no		
more than minimal risk		
to the participants;		
b) the alteration to consent		
requirements is unlikely		
to adversely affect the		
welfare of the		
participant;		
c) it is impossible or		
impracticable to carry		
out the research and to		
answer the research		
question properly, given		
the research design, if		
the prior consent of the		
participant is required;		
d) in the case of a proposed		
alteration, the precise		
nature and extent of any		
proposed alteration is		
defined, and		
e) the plan to provide a		
debriefing (if any) which		
may also offer		
participants the		
possibility of refusing		
consent and/or		
withdrawing data and/or		

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

		T		-
	biological specimens is in			
	accordance with the			
	requirements.			
	The REB shall be satisfied			
	that the necessary criteria			
	have been met when			
	consent is waived for the			
	secondary use of identifiable			
	information, and secondary			
	use of identifiable biological			
	specimens (consent is not			
	required for research that			
	relies exclusively on			
	secondary use of non-			
	identifiable information).			
D5	Debriefing must be part of	3.7B		
	all research involving an			
	alteration to consent			
	requirements whenever it is			
	possible, practicable and			
	appropriate.			
	Participants in such research			
	must have the opportunity			
	to refuse consent and			
	request the withdrawal of			
	their data and/or biological			
	specimens whenever			
	possible, practicable and			
	appropriate.			
D6	The REB may find that for	3.8		
	some or all participants, an			
	exception from informed			
	consent for emergency			
	research is met. Subject to			

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	all applicable legal and regulatory requirements, research involving medical emergencies shall be conducted only if it addresses the emergency needs of the individuals involved, and then only in accordance with criteria established in advance of such research by the REB. The REB may allow research that involves medical emergencies to be carried out without the consent of participants, or of their			
	authorized third party, if all requirements apply.			
D7	There should be written REB procedures to evaluate applications for ethics review and determining whether research or changes to the research shall be reviewed at a convened meeting or by delegated review, based on applicable regulations.	6.12	46.103(b)(4) and (5) 46.110(a) 46.110 (b)(1) and(2)	
D8	During their review, the REB determines that the proposed study will protect participants from any unnecessary or avoidable risks and that the potential	2.10		

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	1	<u> </u>	1	T
	research outcomes and			
	potential benefits merit the			
	risks.			
D9	During their review, the REB	Ch2 Part B	46.111(a)(2)	
	determines that risks to			
	participants are reasonable			
	in relation to anticipated			
	benefits, if any, to			
	participants, and the			
	importance of the			
	knowledge that may be			
	expected to result. In			
	evaluating risks and			
	benefits, the REB should			
	consider only those risks and			
	benefits that may result			
	from the research (as			
	distinguished from risks and			
	benefits of therapies that			
	participants would receive			
	even if not participating in			
	the research). The REB			
	should not consider possible			
	long-range effects of			
	applying knowledge gained			
	in the research (for example,			
	the possible effects of the			
	research on public policy) as			
	among those research risks			
	that fall within the purview			
	of its responsibilities.			
D10	During their review, the REB	4.1	46.111(b)	
	determines that selection of		, ,	
	participants is equitable. In			

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	making this assessment the REB should take into account the purposes of the research and the setting in which the research will be conducted and should consider added protections required for research			
	involving populations in vulnerable circumstances, such as children, prisoners, people with physical or cognitive challenges, or people who are economically or			
	educationally disadvantaged.			
D11	Informed consent will be sought from each prospective participant or the participant's appropriate representative, in accordance with applicable regulations or requirements.	3.2	46.111(a)(4)	
D12	Informed consent will be appropriately documented, in accordance with applicable regulations and requirements.	3.12	46.111(a)(5)	
D13	The REB shall determine that the research plan makes adequate provision for monitoring the safety, efficacy/effectiveness	11.6	46.111(a)(6)	

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	T	1	1	1	
	(where feasible) and validity				
	of the study.				
D14	The REB shall determine	5.2	46.111(a)(7)		
	that there are adequate	5.3			
	provisions to protect the				
	privacy of participants and				
	to maintain the				
	confidentiality of data.				
D15	When some or all of the	4.6	46.111(b)		
	participants, such as	4.7			
	children, prisoners, people				
	with physical or cognitive				
	challenges, or people who				
	are economically or				
	educationally				
	disadvantaged, are likely to				
	be vulnerable to coercion or				
	undue influence additional				
	safeguards have been				
	included in the study to				
	protect the rights and				
	welfare of				
	these participants.				
D16	For research involving	4.6			
	participants who lack	3.9			
	decision-making capacity:				
	a) The research question				
	can be addressed only				
	with participants within				
	the identified group; and				
	the research does not				
	expose participants to				
	more than minimal risk				
	without the prospect of				

	direct benefits for them;			
	or where the research			
	entails only minimal risk,			
	it should provide direct			
	benefits to participants or			
	to a group that is the			
	focus of the research			
	aand to which			
	participants belong.			
	b) When authorization for			
	participation was granted			
	by an authorized third			
	party, and a participant			
	acquires or regains			
	capacity during the			
	course of the research,			
	the researcher shall			
	promptly seek the			
	participant's consent as a			
	condition of continuing			
	participation.			
D17	In order to approve research	3.9	21CFR50 Subpart	
	in which some or all of the		D	
	participants are children, an			
	REB must determine that all			
	research is in compliance			
	with applicable regulations			
	and ethical and legal			
	requirements.			
D18	The REB should review the:	3.1		
	a) Amount and method of			
	payment to participants			
	to assure that neither			
	presents problems of			

	coercion or undue influence; b) Payments to a participant should be prorated and not contingent on completion of the study; c) Information regarding payment to participants, including the methods, amounts, schedule of payment to research participants, is set forth in the written informed consent form and any other written information to be provided to participants; and d) The way payment will be prorated should be				
D19	specified. The confidentiality of records that could identify participants should be protected, respecting the privacy and confidentiality rules in accordance with the applicable regulatory requirement(s).	5.7	46.111(a)(7)	2004, c.3, Sched. A., s.44(3)	
Review a	at a convened meeting of the R	EB			
D20	REB shall have a procedure for scheduling, notifying its members of, and conducting its meetings. REBs shall have regular meetings to	6.10	46.108(b)		

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	discharge their responsibilities, and shall normally meet face-to-face to review proposed research that is not assigned to delegated review.			
D21	REB shall have a process for proportionate approach to research ethics review. The selection of the level of REB review shall be determined by the level of foreseeable risks to participants: the lower the level of risk, the lower the level of scrutiny (delegated review); the higher the level of risk, the higher the level of scrutiny (full board review). The mechanism and procedures related to delegation of the conduct of the review should be made public.	6.12	46.108(b) 46.110(a) and (b)	
D22	The REB should review a proposed study within a reasonable time and document its views in writing, clearly identifying the study, the documents reviewed and the dates for the following: a) approval; b) modifications required			

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

D23	prior to its approval; c) disapproval/rejection; and d) termination or suspension of any prior approval. Remote participation during	6.10		
	convened meetings is allowed in accordance with institutional support and established policies and procedures.	9-Feb-2022 PRE guidance		
D24	An REB should make its decisions at announced meetings at which at least a quorum, as stipulated in its written operating procedures, is present. An REB must have quorum rules that meet the minimum requirements of membership representation.	6.9	46.108(b)	
D25	When there is less than full attendance, decisions requiring full review should be adopted only when the members in attendance at that meeting have the specific expertise, relevant competence and knowledge necessary to provide an adequate research ethics review of the proposals under consideration.	6.9		

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

D26	December of smaller of	6.12	4C 4O7(f)	
D26	Researchers or applicants	6.13	46.107(f)	
	(e.g. supervisors) are			
	allowed to attend REB			
	meetings or provide			
	information for the purpose			
	of helping its members			
	understand the application.			
	They must not be present			
	when the REB discusses its			
	decision, reaches consensus			
	or votes on the application.			
D27	An REB may invite	6.5	46.107(f)	
	individuals with expert			
	knowledge in special areas			
	to assist in the review of			
	complex issues which			
	require expertise beyond or			
	in addition to that available			
	on the REB. These			
	individuals may not vote			
	with the REB.			
D28	REBs may allow observers to	6.9		O.Reg. 366/19
	attend meetings. Observers:			s.41(1)
	a) shall not participate when			. ,
	the REB discusses its			
	decision, reaches			
	consensus or votes on the			
	application;			
	b) shall agree in writing to			
	maintain the			
	confidentiality of the REB			
	proceedings; and			
	c) where the REB finds that			
	an observer otherwise			

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	qualifies as an expert in relation to the research under consideration, the observer may be allowed			
	to contribute input if it is relevant and significant to discussion. However, the			
	observer shall not participate when the REB discusses its decision,			
	reaches consensus or votes on the application. The minutes shall reflect the expertise and			
	contributions of any observer.			
D29	REB shall have delegated review procedures for certain kinds of research involving no more than minimal risk, and for minor changes in approved research.	6.12	46.110(a) 46.110(b)(1) and (2)	
D30	An REB may use the delegated review procedure to review either or both of the following: a) Some or all of the	6.12	46.110(b)	
	research is a type of research which is approved by authorities to be reviewed through delegated review, and found by the reviewer(s)			

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

	to involve no more than minimal risk; and/or b) minor changes in previously approved research during the period (of 1 year or less) for which approval is			
D31	authorized. Under a delegated review procedure, the review may be carried out by the REB Chair or by one or more experienced reviewers designated by the REB Chair from among the members of the REB. In reviewing the research, the reviewers may exercise all authorities of the REB except that the reviewers may not disapprove/reject the research. A research activity may be disapproved/ rejected only after review in accordance with a non-delegated review procedure.	6.12	46.110(b)	
D32	The delegated reviewer(s) shall be authorized to approve the applications, require modification, request clarification or further information, or refer the application for review at	6.12	46.110(b)	

Version 1: July 28, 2022 25

	T.,	1	1	1	
	the convened meeting. The				
	reviewers may not				
	disapprove/reject research				
	by the delegated process.				
D33	Each REB which uses a	6.12	46.110(c)		
	delegated review procedure				
	shall adopt a method for				
	keeping all members				
	apprised of research				
	proposals which have been				
	approved under the				
	procedure.				
Notificat	tion of REB decision				
D34	REB has a procedure to	6.13	46.103(b)(5)(iii)	s.44(4)	
	promptly notify in writing		46.109(d)		
	the researcher/organization				
	concerning:				
	a) Its study-related				
	decisions/opinions;				
	b) The reasons for its				
	decisions/opinions;				
	c) Procedures for appeal of				
	its decisions/opinions;				
	and				
	d) Suspension or				
	termination of a study				
	and/or its approval.				

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

#	Criteria	TCPS2	DHHS	PHIPA	FIPPA
SECTION	N E – Ongoing review				
E1	The REB of Record shall,	6.15	45CFR46.103(b)(4)		
	subject to jurisdictional or	6.16			
	collaboration agreements,				
	ensure ongoing review of				
	the studies that it has				
	reviewed and approved in				
	accordance with applicable				
	regulations and ethical				
	requirements.				
E2	The REB shall have authority	6.14	46.109(e)		
	to review all study				
	documentation for				
	compliance and observe or				
	have a third party observe				
	the consent process and the				
	research.				
E3	The REB should have a	6.16	46.103(b)(4)(iii)		
	procedure for ensuring the				
	prompt reporting of changes				
	in research activity. Changes				
	in approved research, during				
	the period for which REB				
	approval has already been				
	given, may not be initiated				
	without REB review and				
	approval, except where				
	necessary to eliminate				
	apparent immediate hazards				
	to the human participants,				
	or change(s) involving only				
	logistical or administrative				
	aspects of the study (e.g.,

	researcher contact			
	information).			
E4	Any changes that affect the rights, safety, or well-being of the research participants or the integrity of the study shall be reviewed by a member of or the full REB, dependent on the change to risk. Changes include but are not limited to those that: a) affect the selection,	6.16		
	monitoring or withdrawal of research participants; b) significantly increase the risk to the health or welfare of a research participant; and c) extend the duration of participation in the study.			
E5	REB shall have a procedure to provide delegated review and approval of minor change(s) in ongoing studies that have the approval of the REB.	6.12		
E6	REB should have procedures for specifying that the researcher should promptly report to the REB, and if applicable, organization and agencies: a) Deviations from, or changes of, the protocol	6.15	46.103(b)(5)	

Т				
	to eliminate immediate			
	hazards to research			
	participants;			
	b) Changes increasing the			
	risk to participants			
	and/or affecting			
	significantly the conduct			
	of the study;			
	c) All adverse events that			
	are both serious and			
	unexpected;			
	d) New information that			
	may affect adversely the			
	safety of the participants			
	or the conduct of the			
	study;			
	e) Any unanticipated			
	problems involving risks			
	to human participants or			
	others;			
	f) Any instance of serious			
	or continuing			
	noncompliance with			
	these regulations or the			
	requirements or			
	determinations of the			
	REB;			
	g) Any suspension or			
	termination of REB			
	approval;			
	h) Any discontinuation of			
	the study.			
E7	Researchers shall report to	6.15	46.103(b)(5)	
	the REB any unanticipated	11.9

issue or event that may		
increase the level of risk to		
participants or has other		
ethical implications that may affect participants' welfare.		

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

#	Criteria	TCPS2	DHHS	PHIPA	FIPPA
SECTION	N F – Continuing review				
F1	The REB should conduct	6.14			
	continuing review of each				
	ongoing study at intervals				
	appropriate to the degree of				
	risk to human participants,				
	but at least once per year.				
	At minimum, continuing				
	research ethics review shall				
	consist of an annual status				
	report (for multi-year				
	research projects), and an				
	end-of-study report				
	(projects lasting less				
	than one year).				
F2	REB shall have procedures	6.14	45CFR46.103(b)(4)(ii)		
	for conducting initial and				
	continuing review,				
	determining the frequency				
	of review and for reporting				
	its findings and actions to				
	the researcher and the				
	organization. This includes				
	review of proposed research				
	at convened meetings				
	achieving quorum and				
	receiving the approval of a				
	majority of those members				
	present at the meeting, or				
	through delegated review,				
	for minimal risk research.			1	

Section 4: CTO Multidisciplinary Research REB Qualification Checklist

#	Criteria	TCPS2	DHHS	PHIPA	FIPPA
SECTIO	ON G – Reconsiderations, appeals	and study completion	n		
G1	Researchers have the right to request, and REBs have an obligation to provide, prompt reconsideration of decisions affecting a research project.	6.18			
G2	REB shall have an established mechanism and a procedure in place for promptly handling appeals from researchers when, after reconsideration, the REB has refused ethics approval of the research.	6.19			
G3	The appeal committee shall have the authority to review negative decisions made by an REB. In so doing, it may approve, reject or request modifications to the research. Its decision on behalf of the organization shall be final.	6.20			
G4	When a study is completed or terminated, the REB should require that reporting of this event be done promptly and that a completion report be provided.	6.14
