

QuickGuide: How to Find an Approval Letter

To find an approval letter (this process is the same any type of REB letters):

1. **Log in to CTO Stream** and select a project from the Projects list in your Work Area.
2. **Select the application in the project tree** that you want to view the REB letter for. The form will become highlighted in grey.
3. **Click on the History tab.**
4. Find the approval notification in the form history and click 'Download' to download the letter in .pdf format. *(Tip: Search for "Approved" in the search bar to narrow down your search results)*

Note: If you are using Google Chrome, the letter will open directly in your webpage in the built-in .pdf browser. If you are using a different browser, the pdf document will be in your Downloads folder (or the folder you have your browser configured to save downloads). You will then need to locate the downloaded pdf in your downloads folder and open with your computer's .pdf viewer (i.e., Adobe Reader).

The screenshot displays the CTO Stream interface for a project titled "RCT X vs Y" (ID: 1802). The "Project Tree" on the left shows a hierarchy of applications, with "Clinical Trial Provincial Initial Application - RCT X vs Y - COOL8716 - Hospital A" selected and highlighted in grey, indicated by callout 1. Below the tree, a table shows the "Form Status" as "Approval Letter Sent", "Review Reference" as "1802-PIA-Apr/2019-21188", and "Date Modified" as "25/Apr/2019 15:03", with callout 2 pointing to the "History" tab. The "Form History" section includes a search bar (callout 4) and a table of events. The second event, dated "06/Apr/2019 1:58 PM", describes the approval: "Notification received: Provincial Initial Application (PIA) has been approved (see letter).", with callout 3 pointing to its "Download" button.
