

Documented Institutional Ethics Requirements TRIO Fertility

Missions and Values

To deliver the highest quality fertility treatment available through an integrated network of clinics across Ontario minimizing the stresses associated with treatment by offering compassionate, respectful, expert care.

Core values

Respect for each other and our patients.

Compassionate Care ensuring our patients view us as trusted partners.

Innovation and Research striving to discover new treatments through technology.

Empowerment of each other and our patients as they make decisions regarding the treatment options facing them.

Accountability to each other and to our patients.

Integrity operating with the highest ethical standards.

Collaboration

Privacy Considerations

TRIO complies with PIPEDA.

All research studies are conducted in accordance with guiding ethical principles and applicable regulations. All investigators and research staff have completed the TCPS2 Training.

Informed Consent Form Requirements

For participant questions relating to research studies involving the Connective Tissue Diseases in Pregnancy Program contact Karen Spitzer at 416-506-9203.

Access to Medical Records and Obtaining Consent

Patients identified as potential candidates for a research project by their attending physicians are assessed by a TRIO study investigator and if appropriate will meet with a study coordinator to discuss study details and process. Consenting is done by a member of the research team not involved in the clinical care of the patient.

Reminder: Institutional Research Administration Requirements

The CTO Streamlined System provides a streamlined approach to research ethics review. Each participating site must ensure that all necessary institutional authorizations and contracts/agreements are in place prior to beginning the research.

CTO Stream

Collaborators:

The following collaborators must be given a role on all Provincial Initial Application (PIA) forms and Centre Initial Application (CIA) forms.

Name: Carl A. Laskin
Email: calaskin@triofertility.com
Role: Institutional Representative

This access is automatically granted when the Centre Initial Application is created. **When TRIO Fertility is the Provincial Applicant site the research team should immediately create the CIA for TRIO Fertility (right after creating the PIA).** This will ensure that access is automatically granted as required above, otherwise the research team will need to manually add these roles to the PIA prior to submission.
