General Contact Information

For general questions about clinical and observational trials at Baycrest, please contact Noah Koblinsky, Manager of Research Ethics and Participation at nkoblinsky@research.baycrest.org or (416) 785-2500 x2440.

Requirements

Investigators will need to complete and submit the Baycrest Site Addendum and Personnel Log prior to initiation of the Research project on site at Baycrest. The addendum form and personnel log template can be found under the "forms" section on the Baycrest REB website:

<https://www.baycrest.org/Baycrest/Research-Innovation/Services-Resources/Research-Ethics-Office-Board>

Access to Medical Records

All studies accessing medical records (chart review or via Meditech) must obtain written permission from Baycrest Health Records prior to any data extraction / chart retrieval. The addendum form can be used to obtain the appropriate signatures.

Please note that there may be a cost associated with chart pull and data extraction requests. Baycrest may not have the internal resources available to write the routines for data extraction requests. Charges will be on a cost recovery basis
