

SRERS Administration Lakeridge Health

Decision to Proceed with CTO SRERS

Studies in which a waiver of individual participant consent is requested/required must receive approval from the Primary Institutional Representative before they can be delegated to another REB through the Streamlined System. The Investigator is responsible for obtaining this approval (on a per-study basis) prior to submitting an application through CTO Stream. If the approval is not granted, the study must be submitted to the Lakeridge Health Research Ethics Board.

For all other studies, Lakeridge Health will review the CTO application as part of their institutional feasibility procedures to determine whether the application may proceed for ethics review through the CTO Streamlined System. If the decision is made to review locally (through the Lakeridge Health REB), Lakeridge Health will notify CTO who will then remove Lakeridge Health access to CTO Stream.

Reminder about institutional approval:

The CTO Streamlined System is for ethics review and oversight only. Institutional approval is required for all studies conducted at Lakeridge Health. Institutional approval of any study is conditional upon a fully-signed study contract/agreement between Lakeridge Health, The Principal Investigator and the Study Sponsor (or as otherwise required). You cannot start the study, or begin to recruit research participants into the study until the study contract/agreement has been signed by all parties and has been received by the Lakeridge Health Research Department. For further details, please contact Lori-Ann Larmand at llarmand@lh.ca or at (905)576-8711 ext. 32745.

CTO Stream

Collaborators:

The following collaborators must be given a role on all Provincial Initial Application (PIA) forms and Centre Initial Application (CIA) forms.

Email: llarmand@lh.ca

Role: Institutional Representative

Email: nstevens@lh.ca

Role: Institutional Admin

Email: camcpherson@lh.ca

Role: Institutional Representative

Email: kfusco@lh.ca

Role: Institution Admin

This access is automatically granted when the Centre Initial Application is created. **When Lakeridge is the Provincial Applicant site the research team should immediately create the CIA for the Lakeridge site (right after creating the PIA).** This will ensure that access is automatically granted as required above, otherwise the research team will need to manually add these roles to the PIA prior to submission.
